

Medication Therapy Management Programs

Commonwealth Care Alliance offers medication therapy management (MTM) programs to members who take a number of different drugs, have chronic diseases (such as asthma, diabetes, or chronic heart failure), and have high annual drug costs.

If you meet these three qualifications, you may be eligible for extra help in taking your medications, including extra education, and one-on-one review with a qualified provider. The MTM programs were designed by doctors and pharmacists to help Commonwealth Care Alliance provide the best possible care to our members by better managing their medications. If you qualify for the MTM programs, we will contact you for participation.

These programs are not considered a benefit.

Questions? Please contact Commonwealth Care Alliance Member Services at 1-866-610-2273 (TTY 711). We are available 24 hours a day, 7 days a week.

You may also contact Basem Shebli, Director of Pharmacy, at 1-866-610-2273 ext. 1238 or bshebli@commonwealthcare.org for more information.
